

Technology Recycling Made Easy

Staples® New York Earth Week Celebration

Staples makes it easy for New York customers to securely and responsibly recycle their e-waste. Here's how the program works:

1. Bring your old computers, monitors, laptops, printers, faxes and all-in-ones to a Staples® store in the five New York boroughs and Long Island and drop them off at the customer service desk. All brands are accepted for secure recycling; regardless of where they were purchased.
2. There is a limit of two computer systems (CPU, monitors) or printing devices per day. Smaller computer peripherals, such as keyboards, mice, speakers and modems are also accepted.
3. Need to securely transfer your data to a new computer? [Staples® EasyTech™](#) service is on-site in all stores to transfer data from an old computer to a new one.
